Arthur Denny, Senior Scientist
Municipal Solid Waste Permits Section
Waste Permits Division
Texas Commission on Environmental Quality

Re: Liquid Environmental Solutions (LES), Austin – Travis County
Municipal Solid Waste (MSW) – Registration No. 40285
Registration Application—Supplemental Technical Notice of Deficiency (NOD)
Tracking Nos. 19487855, 19598416, 19640934 & 19566489; 20465882
RN108754896/CN603229436

Dear Mr. Denny:

On behalf of Liquid Environmental Solutions (LES), we hereby submit the following responses to your July 6, 2016 Supplemental Technical Notice of Deficiency (NCD) to Mr. Richard Leib regarding the liquid waste processing registration for the above referenced facility.

Responses to the Supplemental NOD comments are summarized below:

1. Page II-3, Section 2.2.2 of the application requests that a registration authorization for a liquid waste transfer station be considered under 30 Texas Administrative Code (30 TAC) Section (§)330.9(b).

   Please note that the appropriate authorization of a liquid waste transfer at authorized sites is under 30 TAC §330.9(p); please amend all of the application language to specific 30 TAC §330.9(p) for the transfer of liquid wastes.

   Response: The rule citation regarding the request for authorization has been changed to reflect §330.9(g). This change can be found in Part II, Page II-3, Section 2.2.2.

2. Page II-3, Section 2.2.2 of the application requests a 30 TAC §330.9(g) registration for the authorization to recover/recycle at least 10% of the incoming material for beneficial use. Please note that 30 TAC §330.9(g) authorizes the recycling of “only” grease trap waste, grit trap waste, and septage or a combination of these three liquid wastes.

   The following waste descriptions included in the application do not appear to meet the three types of waste that may be accepted under a 30 TAC §330.9(g) registration:

   a. “organic material from MSW Processing facilities,”
b. “oil and grease wastes” unless these wastes meet the definition of “grease trap waste,"

c. “yellow grease tailings,"

d. “glycerines,"

e. “animal slaughtering,"

f. “process and rendering waste,"

g. “food and beverage waste,"

h. “organic material from renewable energy facilities,"

i. “biodiesel operations and other organic processes,” and

j. Class 2 nonhazardous industrial liquid waste containing organic materials, fats or based fats, oils, greases and/or solids (FOGS), glycerin and other products acknowledged for receipt by the TCEQ Industrial and Hazardous Waste Section regarding notifications in accordance with 30 TAC §335.6 unless any of these described waste meet the definition of grease trap waste.

Please revise the registration application to limit the waste to be accepted to the defined terms of grease trap waste, grit trap waste or septage and to clarify that no other waste outside of these specific definitions is authorized for acceptance. A Type V permit is required to accept, process, transfer and recycle fats, oils, greases and solids that are beyond the limitation set forth in 30 TAC §330.9(g) requirements.

Response: The registration has been revised to reflect those waste streams that can be received under a 30 TAC §330.9(g) registration. These changes can be found in Part I, Supplemental Technical Report and Part II, Page II-2.

Initial NOD Item

3. Item 5 reply within the First NOD response letter, dated May 2, 2016, states that the bulk caustic and used cooking oil liquids stored in Tanks 18, 19, and 20, are product that is purchased by LES. It is stated that these liquids are “not regulated as a waste and as such, that the tanks do not require secondary containment.”

Pursuant to 30 TAC §330.63(B)(2)(F) and §330.227, storage and processing areas shall be designed to control and contain spills and keep any contamination from leaving the facility. Please describe secondary containment for the bulk caustic and used cooking oil liquids (Tanks 18, 19 and 20), as identified in Phase II Secondary Containment Calculations-Area C, Part III, Figure 2, as required.

Response: Part II, Attachment 2, The Secondary Containment Design and Calculations have been revised to include the addition of the bulk caustic and used cooking oil liquids. Additionally, the following figures in Part III have been updated

Part I, Attachments – Core Data Form

4. TCEQ Comment: Please provide a completed Core Data Form for the property owner.

Response: LES will be closing on this property within the next 2 weeks and will update the application to indicate that LES is the property owner which will negate the need for a separate core data form signed by the property owner.

5. TCEQ Comment: Please revise the Core Data Form for the owner/operator to include the required information in Field boxes 9-15.

Response: The information requested in the Core Data Form, fields 9-15 have been added.

One original and three copies of the revisions are being submitted as part of this technical NOD response, as well as one copy of the redline/strikeout changes. Additionally, a summary of changes has been included to assist you in your review.

Should you have any questions or require additional information please contact me or Ms. Lara Garey at 512-474-9097.

Sincerely,

[Signature]

1.0 SUPPLEMENTARY TECHNICAL REPORT

This supplementary technical report has been prepared in accordance with 30 TAC §305.45(a)(8).

1.1 §305.45(a)(8)(A) GENERAL DESCRIPTION OF FACILITIES AND SYSTEMS

The facility dewaters, reclaims and pre-treats liquid and semi liquid waste by separating the solid material and oil/grease portion from the aqueous portion of these wastes. The facility will receive for storage, transfer and processing the following waste in accordance with 30 TAC §330.9(g): grease trap waste, grit trap waste or septage or a combination of these three liquid wastes. Incoming municipal waste not meeting the definition of grease trap waste, grit trap waste or septage will not be accepted unless allowed by separate authorization. Additionally, the facility will not accept waste defined in 30 TAC §330.15, relating to General Prohibitions unless otherwise identified in this application and the issued Registration or other TCEQ authorizations.

Those approved waste streams will be compatible with the production of liquid effluent which can be monitored and discharged into the City of Austin (City) sanitary sewer and municipal wastewater treatment system, which is a publicly owned treatment works (POTW). The discharge to the POTW via the City's sanitary sewer system must be done in compliance with the facility's pre-treatment permit, if required and applicable federal, state, and local regulations. Liquid Environmental Solutions (LES) personnel are familiar with POTWs and wastewater processing requirements and are aware of applicable state and federal regulations that govern the transportation, treatment and disposal of municipal solid wastes.

As provided in 30 TAC §330.9(g)(1), this facility will attain a 10% recovery of material for beneficial use from the incoming waste excluding the water content. Records and a report will be provided on a quarterly basis to the executive director that demonstrate that at least 10% of the volume of the waste received was processed to recover solid material that was recycled or reused.

There are no parameter limitations for incoming wastes which may impact or influence the design and operation of the facility.

The facility will receive solids that are components of the predominantly liquid wastes it receives, and these will be separated and concentrated with the onsite treatment processes and the
resulting waste material will be disposed off site at TCEQ-approved facilities. The following requirements apply should it become necessary to dispose of solids:

- Solids disposal at a municipal solid waste landfill shall not exceed the limits indentified in Part II, Section 3.2.3. for benzene, lead and Total Petroleum Hydrocarbons (TPH) prior to disposal at a municipal solid waste landfill.

- Solids sent for landfill disposal will pass the Paint Filter Test.

- Records of each analysis will be maintained at the facility for a minimum of three years. All sampling and analysis will be done according to EPA approved methods. Additional tests differentiating TPH from fats, oils and greases (FOG) may be conducted to ensure the landfill does not receive waste with a TPH concentration greater than 1500 milligrams/kilogram.

In accordance with 30 TAC §330.203(c)(1), effluent discharged from the facility to a treatment facility (POTW) will be sampled and analyzed in accordance with approved U.S. Environmental Protection Agency (EPA) methods for parameters identified in the facility's Industrial Waste Discharge Permit.

Grease trap waste is transported to the facility by LES via enclosed vacuum tanker vehicles and by enclosed vacuum tankers operated by independent transporters.

The maximum amount of waste to be received at the facility is 150,000 gallons per day (GPD). The tanks are never filled to capacity because of material expansion and venting requirements to pump material in and out of tanks. The total volume available for waste storage at the facility when it uses all offloading, holding and phase separation tanks is 240,000 gallons.

1.2 §305.45(a)(8)(B)(i)&(ii) WASTE VOLUME AND CHARACTERISTIC INFORMATION

The maximum amount of waste to be received at the facility is 150,000 gallons per day (GPD). The maximum and average length of time waste will remain at the facility is shown in Table 1 below:
TABLE 1
RECEIPT, STORAGE AND PROCESSING DATA

<table>
<thead>
<tr>
<th>Waste Type</th>
<th>Daily Volume Received (gallons)</th>
<th>Maximum Waste Storage (gallons)</th>
<th>Storage of Unprocessed Waste (Hours)</th>
<th>Time On Site (Days)</th>
<th>Processing Time (Days)</th>
</tr>
</thead>
</table>
| Those wastes found in Part I, Section 1.1 of the Supplemental Technical Report | 150,000 | Phase 1
132,025 |
Phase 2
240,000 |
| | | | 72 | 24 | 13 | 1 | 10 | 1 |
| Total Waste Volume | 150,000 | 240,000 | - | - | - | - | - | - |

Generally incoming waste is processed in the following manner: (1) the unloading of waste; (2) phase separation of oils, water and solids using screening, sedimentation, mechanical, chemical and gravitational separation; (3) recovery of oils and recyclables; (4) wastewater treatment to remove and/or treat constituents such as pH adjustment; and (5) treatment of solids through dewatering and solidification. The management of these waste streams will in no way cause the operation of the facility to deviate from applicable Federal, State or Local regulations.

There are no unusual constituents or characteristics of these wastes that will impact the design or operation of the facility.

1.3 §305.45(a)(8)(C) OTHER INFORMATION

LES is developing the facility in two phases. The two phases will impact building size, available equipment and extent of recycling performed on-site. This application has been written to show the initial (Phase I) and final (Phase II) facility design. Waste acceptance rate and waste storage, as well as closure cost estimates, are based on final facility design at maximum capacity. During the initial facility design operations (Phase I), waste acceptance and storage will be limited to onsite tank capacity. This capacity is approximately 85,000 gallons of waste that can be held in storage, with an additional 47,025 gallons of water that is in processing tanks. When Phase II operations begin the maximum daily volumes to be received and maximum waste storage volumes are indicated in Section 1.2, Table 1.
Additional detailed information which will provide an adequate understanding of the facility and treatment processes and will provide the commission an adequate opportunity to make the considerations required in Chapter 330, Subchapter B (relating to Permit and Registration Application Procedures) can be found in Parts I, II, III and IV of this application.

DESCRIPTION

OF 13.172 ACRES OF LAND OUT SANTIAGO DEL VALLE GRANT, ABSTRACT NO. 24, SITUATED IN TRAVIS COUNTY, TEXAS, BEING THAT CERTAIN 2.0 ACRE AND 11.172 ACRE TRACT OF LAND CONVEYED TO BUR13, LTD., BY DEED OF RECORD IN DOCUMENT NO. 2011191372 OF THE OFFICIAL PUBLIC RECORDS OF TRAVIS COUNTY, TEXAS; SAID 13.172 ACRES OF LAND BEING MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

BEGINNING, at an iron pipe found in the southwesterly right-of-way line of Burleson Road (R.O.W. varies), being the northeasterly corner of that certain 229.712 acre tract of land conveyed to MVE Venture, Ltd., by deed of record in Document No. 2010195929 of said Official Public Records, for the most northerly corner of said 2.0 acre tract and hereof;

THENCE, S42°24'56"W, leaving the southwesterly right-of-way line of Burleson Road, along the northwesterly line of said 229.712 acre tract, being the southeasterly line of said 2.0 acre tract and said 11.712 acre tract, for the southeasterly line hereof, a distance of 1075.04 feet to an iron pipe found at the most southerly corner of said 11.172 acre tract, for the southerly corner hereof;

THENCE, N47°16'38"W, continuing along the northwesterly line of said 229.712 acre tract, being a portion of the southwesterly line of said 11.712 acre tract, for a portion of the southerly line hereof, a distance of 359.35 feet to an iron pipe found in the southerly line of Lot 2, Block "A", Telecom Office Park, a subdivision of record in Document No. 200100308 of said Official Public Records, for an angle point hereof;

THENCE, N47°13'15"W, leaving the northwesterly line of said 229.712 acre tract, along the common line of said Lot 2 and said 11.712 acre tract, for a portion of the southwesterly line hereof, a distance of 175.89 feet to a 1/2 inch iron rod with cap found at the most westerly corner of said 11.172 acre tract, for the westerly corner hereof;

THENCE, N42°27'04"E, along the southeasterly line of Lot 1 and Lot 2 of said Telecom Office Park, being the northwesterly line of said 11.712 acre tract, for the northwesterly line hereof, a distance of 1071.84 feet to a 1/2 inch iron rod with cap found in the westerly right-of-way line of Burleson Road, being the southeasterly corner of said Lot 1, for the most northerly corner of said 11.712 acre tract and hereof;
THENCE, along the southwesterly right-of-way line of Burleson Road, being the northeasterly line of said 2.0 acre tract and said 11.172 acre tract, for the northeasterly line hereof, the following two (2) courses and distances:

1)  S46°20'03"E, a distance of 76.97 feet to a 1/2 inch iron rod with "BURY" cap set for an angle point;

2)  S47°48'53"E, a distance of 457.63 feet to the POINT OF BEGINNING, and containing an area of 13.172 acres (573,764 sq. ft.) of land, more or less, within these metes and bounds.

THE BASIS OF BEARING OF THE SURVEY SHOWN HEREON IS TEXAS STATE PLANE COORDINATE SYSTEM, CENTRAL ZONE, NAD 83(96), UTILIZING WESTERN DATA SYSTEMS CONTINUALLY OPERATING REFERENCE STATION (CORS) NETWORK.

DESCRIPTION

OF 3.993 ACRES OF LAND OUT SANTIAGO DEL VALLE GRANT, ABSTRACT NO.
24, SITUATED IN TRAVIS COUNTY, TEXAS, BEING A PORTION OF THAT
CERTAIN 11.172 ACRE TRACT OF LAND CONVEYED TO BUR13, LTD., BY DEED
OF RECORD IN DOCUMENT NO. 2011191372 OF THE OFFICIAL PUBLIC
RECORDS OF TRAVIS COUNTY, TEXAS; SAID 3.993 ACRES OF LAND BEING
MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

COMMENCING, at a 1/2 inch iron rod with cap found in the southerly
right-of-way line of Burleson Road (R.O.W. varies), being the
northeasterly corner of Lot 1, Block "A" Telecom Office Park, a
subdivision of record in Document No. 200100308 of said Official
Public Records and the northwesterly corner of said 11.172 acre
tract;

THENCE, S42°27'04"W, leaving the southerly right-of-way line of
Burleson Road, along the easterly line of Lot 1 and Lot 2 of said
Telecom Office Park, being a portion of the westerly line of said
11.172 acre tract, a distance of 746.83 feet to the POINT OF
BEGINNING and northwesterly corner hereof;

THENCE, S47°15'29"E, leaving the easterly line of said Lot 2,
over and across said 11.172 acre tract, for the northerly line
hereof, a distance of 535.04 feet to a point in the irregular
westerly line of that certain 229.712 acre tract of land conveyed
to MVE Venture, Ltd. by deed of record in Document No. 2010195929
of said Official Public Records, being the easterly line of said
11.172 acre tract, for the northeasterly corner hereof;

THENCE, S42°24'56"W, along a portion of the irregular westerly
line of said 229.712 acre tract, being the easterly line of said
11.712 acre tract, for the easterly line hereof, a distance of
325.00 feet to an iron pipe found at the southeasterly corner of
said 11.712 acre tract, for the southeasterly corner hereof;

THENCE, N47°16'38"W, continuing along the irregular westerly
line of said 229.712 acre tract, being a portion of the southerly line
of said 11.712 acre tract, for a portion of the southerly line
hereof, a distance of 359.35 feet to an iron pipe found for an
angle point in the easterly line of said Lot 2, being an angle
point in the irregular westerly line of said 229.715 acre tract,
for an angle point hereof;

THENCE, N47°13'15"W, leaving the irregular westerly line of said
229.712 acre tract, along the common line of said Lot 2 and said
11.712 acre tract, for a portion of the southerly line hereof, a
distance of 175.89 feet to a 1/2 inch iron rod with cap found at
the southwesterly corner of said 11.172 acre tract, for the
southwesterly corner hereof;

GENERAL LOCATION MAPS
APPENDIX A

CITY OF AUSTIN ZONING AND ANNEXATION ORDINANCES
ORDINANCE NO. 20150611-005

AN ORDINANCE TERMINATING THE HELEN BOOTHE ET AL ANNEXATION AND DEVELOPMENT AGREEMENT AND ANNEXING, FOR FULL PURPOSES, ADDITIONAL TERRITORY ADJACENT TO THE CITY LIMITS OF THE CITY OF AUSTIN REFERRED TO AS THE “LES BURLESON” ANNEXATION AREA, CONSISTING OF APPROXIMATELY 13.2 ACRES OF LAND OUT OF THE SANTIAGO DEL VALLE GRANT, ABSTRACT NO. 24 IN TRAVIS COUNTY, TEXAS; AND APPROVING A SERVICE PLAN.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The Council finds that:

(A) Notice of the two public hearings concerning annexation of the territory described in Exhibit A was published in a newspaper of general circulation in the City of Austin and in the area to be annexed, and on the City of Austin internet website.

(B) The public hearings were held on May 7, 2015, and May 21, 2015, at the Austin City Hall, 301 West 2nd Street, Austin, Texas.

(C) The public hearings were concluded after providing an opportunity for all persons present to be heard with respect to the proposed annexation. A proposed Service Plan was made available and explained at the public hearings required by State law.

(D) The annexation, for full purposes, of the territory described in Exhibit A serves the interest of the current and future residents of the City of Austin.

(E) All procedural requirements imposed by State law for the full purpose annexation of the territory described in Exhibit A have been met.

(F) The LES Burleson property owners and the City have terminated the Helen Boothe et al Annexation and Development Agreement.

PART 2. The termination of the Helen Boothe et al Annexation and Development Agreement regarding annexation and development of the LES Burleson tract attached as Exhibit A is approved.

PART 3. The present boundary limits of the City are amended to include the following territory which is within the extraterritorial jurisdiction and adjacent to the city limits of the City of Austin in Travis County, Texas, and which is annexed into the City for full purposes:
13.172 acres of land, more or less, out of the Santiago Del Valle Survey, Abstract No. 24 in Travis County, Texas; said 130 acres of land, more or less, being more particularly described in Exhibit B.

PART 4. The Service Plan attached as Exhibit C is approved as the Service Plan for the area.

PART 5. The City Council declares that its purpose is to annex to the City of Austin each part of the area described in Exhibit A as provided in this ordinance, whether any other part of the described area is effectively annexed to the City. If this ordinance is held invalid as to any part of the area annexed to the City of Austin, that invalidity does not affect the effectiveness of this ordinance as to the remainder of the area.

If any area or lands included within the description of the area set out in Exhibit A are: (1) presently part of and included within the general limits of the City of Austin; (2) presently part of and included within the limits of any other city, town, or village; or (3) are not within the jurisdiction or power of the City of Austin to annex, then that area is excluded and excepted from the area annexed.

PART 6. This ordinance takes effect on June 22, 2015.

PASSED AND APPROVED

June 11, 2015

Steve Adler
Mayor

Anne L. Morgan
Interim City Attorney

Jannette S. Goodall
City Clerk
ORDINANCE NO. 20150611-036

AN ORDINANCE ESTABLISHING INITIAL PERMANENT ZONING FOR THE PROPERTY LOCATED AT 7005 BURLESON ROAD AND CHANGING THE ZONING MAP FROM INTERIM-RURAL RESIDENCE (I-RR) DISTRICT TO LIMITED INDUSTRIAL SERVICES-CONDITIONAL OVERLAY (LI-CO) COMBINING DISTRICT.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The zoning map established by Section 25-2-191 of the City Code is amended to change the base district from interim-rural residence (I-RR) district to limited industrial services-conditional overlay (LI-CO) combining district on the property described in Zoning Case No. C14-2015-0042, on file at the Planning and Zoning Department, as follows:

13.172 acre tract of land, more or less, out of the Santiago Del Valle Grant, Abstract No. 24 the tract of land being more particularly described by metes and bounds in Exhibit “A” incorporated into this ordinance (the “Property”), locally known as 7005 Burleson Road in the City of Austin, Travis County, Texas, and generally identified in the map attached as Exhibit “B”.

PART 2. The Property within the boundaries of the conditional overlay combining district established by this ordinance is subject to the following condition:

A site plan or building permit for the Property may not be approved, released, or issued, if the completed development or uses of the Property, considered cumulatively with all existing or previously authorized development and uses, generate traffic that exceeds 2,000 trips per day.

Except as specifically restricted under this ordinance, the Property may be developed and used in accordance with the regulations established for the limited industrial services (LI) base district and other applicable requirements of the City Code.
PART 3. This ordinance takes effect on June 22, 2015.

PASSED AND APPROVED

June 11, 2015

Steve Adler

PROPERTY OWNER AFFIDAVIT
Property Owner Affidavit

I, Terry Boothe, the manager of BUR 13 GP, LLC, the general partner of BUR 13, Ltd., a Texas limited partnership, which limited partnership is the current owner of the property located at 7005 Burleson Road, Austin, Texas, 78744, acknowledge that the Texas Health and Safety Code Section 361.271 (relating to persons responsible for solid waste) provides that the State of Texas may hold an owner of a solid waste facility either jointly or severally responsible for the operation, maintenance and closure of the solid waste facility if the owner owned the solid waste facility at the time of processing, storage, or disposal of any solid waste. I further acknowledge that the owner or operator of a solid waste facility and the State of Texas shall have access to a solid waste facility during the active life of and after closure of a solid waste facility for the purpose of inspection and maintenance, if required.

Terry Boothe, Manager of BUR 13 GP, LLC,
The General Partner of BUR 13, Ltd.

SUBSCRIBED AND SWORN to before me by Terry Boothe in his capacity as manager of BUR 13 GP, LLC, in its capacity as the general partner of BUR13, Ltd on this 8th day of August, 2015.

Notary Public of the State of Texas

My commission expires on the 1st day of March, 2019.

TCEQ CORE DATA FORM(S)
**TCEQ Core Data Form**

For detailed instructions regarding completion of this form, please read the Core Data Form Instructions or call 512-239-5175.

### SECTION I: General Information

1. **Reason for Submission**  
   (If other is checked please describe in space provided.)  
   - [x] New Permit, Registration or Authorization (Core Data Form should be submitted with the program application.)  
   - [ ] Renewal (Core Data Form should be submitted with the renewal form)  
   - [ ] Other

2. **Customer Reference Number (if issued)**  
   - CN: 603229436

Follow this link to search for CN or RN numbers in **Central Registry**

3. **Regulated Entity Reference Number (if issued)**  
   - RN: 108754896

### SECTION II: Customer Information

4. **General Customer Information**

5. **Effective Date for Customer Information Updates**  
   (mm/dd/yyyy)  
   - 07/19/2016

- [ ] New Customer  
- [ ] Update to Customer Information  
- [ ] Change in Legal Name (Verifiable with the Texas Secretary of State or Texas Comptroller of Public Accounts)

*The Customer Name submitted here may be updated automatically based on what is current and active with the Texas Secretary of State (SOS) or Texas Comptroller of Public Accounts (CPA).*

6. **Customer Legal Name**  
   (If an individual, print last name first: e.g.: Doe, John)

7. **TX SOS/CPA Filing Number**  
   - 800827995

8. **TX State Tax ID**  
   (11 digits)  
   - 11616340359

9. **Federal Tax ID**  
   (9 digits)  
   - 161634035

10. **DUNS Number**  
    (if applicable)  
    - 091435276

11. **Type of Customer:**  
    - [x] Corporation  
    - [ ] Individual  
    - [ ] Partnership:  
      - [ ] General  
      - [ ] Limited

   - [ ] Government:  
     - [ ] City  
     - [ ] County  
     - [ ] Federal  
     - [ ] State  
     - [ ] Other

   - [ ] Sole Proprietorship  
   - [ ] Other:

12. **Number of Employees**  
    - [x] 501 and higher

13. **Independently Owned and Operated?**  
    - [x] Yes  
    - [ ] No

14. **Customer Role (Proposed or Actual)**  
    - [x] Owner  
    - [ ] Operator  
    - [ ] Owner & Operator  
    - [ ] Occupational Licensee  
    - [ ] Responsible Party  
    - [ ] Voluntary Cleanup Applicant  
    - [ ] Other:

15. **Mailing Address:**  
    - 7651 Esters Boulevard, STE 200

   - City:  
   - Irving  

   - State:  
   - TX

   - ZIP: 75063  
   - ZIP + 4

16. **Country Mailing Information (if outside USA)**

17. **E-Mail Address**  
    (if applicable)  
    - customerservice@liquidenviro.com

18. **Telephone Number**

   - (866) 694-7327

19. **Extension or Code**

20. **Fax Number**  
    (if applicable)

### SECTION III: Regulated Entity Information

21. **General Regulated Entity Information**  
    (If "New Regulated Entity" is selected below this form should be accompanied by a permit application)

   - [x] New Regulated Entity  
   - [ ] Update to Regulated Entity Name  
   - [x] Update to Regulated Entity Information

*The Regulated Entity Name submitted may be updated in order to meet TCEQ Agency Data Standards (removal of organizational endings such as Inc, LP, or LLC).*

22. **Regulated Entity Name**  
    (Enter name of the site where the regulated action is taking place.)

   - Liquid Environmental Solutions of Texas, LLC
